## THE GYM EXHIBITION.

The Evening of March 15 Will Be  
One of Athletic Sport.

THE MEMBERS WHO WILL PERFORM

There Will Be Boxing, Wrestling, Fencing, Horizontal and Parallel Bar Work, and Club Swinging by the Turners' Champion, Frank Miller. The Boys Are Now in Active Training.

The annual exhibition of gymnastic work by the members of the Wheeling Athletic Club, which is to take place on the evening of Thursday, March 15, at the club's gymnasium, in the library building, promises to be the finest entertainment of its character that has been seen in Wheeling. Those who will perform are all top-notchers in their lines, and the exhibition will be an exemplification of what can be accomplished by any young man who will give attention to physical development.

President Henry M. Russell, Secretary Sam Hazlett, and Messrs. D. C. List, Jr., Dr. Oscar Burdatt, Jake Loos and Herman Seabright form the committee that is in charge of the exhibition, and, although they have not entirely completed the programme, the following will be the major part of it:

Fencing—Dr. Oscar Burdatt and Edward Stifel.  
Boxing, 140-pound class—Herman Seabright and Sam Hazlett.  
Club swinging—Frank Miller, the champion of the Turners' Society of America.

Wrestling—Herbert Riheldaffer and Bernard Kraus.  
High jumping—Will Day, E. Leonard, Louis Huesman and others.  
Flying trapeze—Frank Miller and William Straub.

Horizontal and parallel bar work—The club's classes.  
Other specialty work will be a feature, and the vocal and instrumental programme will be first class. Admission to the exhibition will be by invitation. The interest taken in the athletic work of the club is just now more pronounced than ever before in the ten years' existence of the club, and on account of the influx of new members the locker accommodations of the club were recently increased. In connection with the benefits of athletic work, it is a notable fact that in ten years the Wheeling Athletic Club has lost but one member by death. At present the membership is in the neighborhood of 200.

McClelland and HANKE.  
McClelland's Backer Wants to Make a Wager and a Race.

Last evening E. C. McClelland's backer called at the INTELLIGENCER office and said in reference to the communication printed the day before from the skater HANKE's backer, that Mac never claimed to have beaten Doll on skates, and never skated against him. There is a challenge now pending between Doll and McClelland. If HANKE's backer will meet him Monday evening at 8 o'clock at this office he will bet \$50 that Mac did defeat HANKE at Martin's Ferry on skates several years ago. Further he says McClelland never claimed the five-mile skating championship, but does claim to hold the championship for all distances from twenty miles upward, and that the records will show this. He is willing to meet HANKE's backer at the same time and place to make a race between the two on skates, if HANKE's friend is ready to put up the money.
